VACANCY ANNOUNCEMENT

**LOCATION: CENTRAL VALLEY REGIONAL WATER QUALITY CONTROL BOARD,
1685 "E" STREET, FRESNO, CA**

ENVIRONMENTAL SCIENTIST (RPA 04-155-09) DUTIES: The Central Valley Region has one vacancy in its Fresno Office for a permanent fulltime Environmental Scientist (ES). Under the direction of a Senior Water Resource Control Engineer, the ES performs technical work in the NPDES, Storm Water, and Clean Water Act 401 programs. The ES performs office and field reviews of construction and industrial storm water sites and other waste discharges; evaluates and interprets technical data, field observations, self-monitoring reports, and samples of influent, effluent, and receiving water; ascertains whether dischargers comply with State and federal laws and regulations, the Basin Plan, other plans and policies, waste discharge requirements, and permits; reviews technical reports and monitoring results, to determine compliance; evaluates sampling and laboratory techniques; prepares necessary documentation, letters, reports, enforcement orders, and Board presentations; reviews CEQA documents and draft regulations, laws, and legislation that may affect Regional Board programs; updates records in tracking systems; and participates in meetings with the public and technical staff from other agencies, local governments and consulting firms.

NECESSARY QUALIFICATIONS: The qualified applicant will possess the following: effective verbal and written communication skills; the ability to organize, analyze and interpret water quality data; the ability to prepare written reports and presentations; good customer service skills; proficiency in standard computer applications; and the ability to drive and conduct field investigations in all weather conditions.

DESIRABLE QUALIFICATIONS: Experience and knowledge in: hydrology and water quality; the fate of pollutants in the environment, including pesticides, nutrients, and metals; State and federal water quality control laws; and conducting special studies.

WHO MAY APPLY: Applicants must hold a current Environmental Scientist appointment or possess list, transfer, or reinstatement eligibility to the Environmental Scientist, WRCE, or Land and Water Use Scientist classifications. Current reemployment, SROA and surplus provisions will be followed.

Permanent, Full-Time. Filing date: December 28, 2004. Submit applications and resume to W. Dale Harvey at the above address. For further information please call (559) 445-6190 or email at dh Harvey@waterboards.ca.gov.
